

Hanna Hanna Art Gathering and Festival

16-26 august 2008

Kolarovo/Guta, Slovakia

From 16-18 august 2008 we like to call it gathering, building up the site of the festival, creating decoration together, from the 20-24 august 2008 the artist camp is starting....and from 24 to 26 we will clean up the place

The festival takes place at the beautiful half island on the old riverbank of Danube, in the nature reserve place with the watermill (only 2 in Europe), and this is the main cause that it can not grow bigger... As we see it is the place where people gather to participate in a numerous workshops...to hear some interesting teachings about the good old traditional ways...to shake it on the good vibes...ecology vs technology...early morning bread baking vs shopping tescoooo...The standpoint of our small community is the everything that we stand behind its done with our hands...from our own resources...the thought to make a festival one day just sneaked to some of our friends thoughts and the next day we found ourselves in the middle of creating something that those who have tasted some of it each year come for more.. because we stand behind the idea of ecology and take care of today so we can have more tomorrow...each year we try to do a little bit more in the question of recycling (selective garbage bins etc.)...so if coming please find space in your bag for a plate, spoon and cup...to avoid unnecessary garbage problem...

This year's line up is still under construction but approximately in May you can check our site to get more information what would happen this year....which is by the way the fourth in the row that we organise....what to expect...from funk, jazz, new school, reggae...to ambient...chill...from minimal...tribal...jungle beat to traditional ethno musicif you feel like bring drum ... didgeridoo... doromb ...gitar...flute..and join easy jamming early afternoon..painting in nature..recycling workshops....glass painting.... making sculptures
